Resilient Farming Tas (RFT) Program

The **Resilient Farming Tas (RFT) Program** is looking forward to 2025, with a new round of intake open now <https://events.humanitix.com/resilient-farming-tas-webinar-series>.

They are planning another round of farm visits, face-to-face training, collaborative planning and the following events to start with:

Asparagopsis in Action Bus Tour - 11th February 2025

Participants of the RFT Program (new intake open now) are welcome to join them for a day trip to Sea Forest, the production site for SeaFeed, starting in Launceston with pick up points in Perth and Campbell Town. On the bus, experts will deliver content - think of it as a travelling podcast with a Q&A session. SeaFeed processes the Tasmanian native asparagopsis seaweed into a supplement for cattle to prevent methane production. [Register here](#).

Resilient Farming Tas lunchtime webinar series continues

Their Lunch and Learn Series (Tuesdays, 12.30-1.30 pm) continues in 2025. Join RFT for these upcoming discussions: You can [register here](#) and receive reminders before the event.

- **Keep pests, weeds, and diseases off your farm** – 21st January 2025 12-1pm
Susannah Driessen (Chief Plant Health Officer, Biosecurity Tas), Emma Watkins (Deputy Chief Veterinary Officer) and their diagnostics team will cover approaches to safeguard your farm from potential new and endemic pests, diseases, and weeds. They will explain what happens if a new pest is found in a crop or livestock and how producers can ensure that impacts are minimised.
- **Agritourism opportunities** – 28th January 2025
Allison and Belinda dive into agritourism, offering strategies to diversify and enhance your farm income.
- **Markets for wool and meat** – 4th February 2025
Sam Bye and Matt Dalgleish (from Episode 3) discuss market trends, providing actionable insights to optimize your livestock and wool ventures.
- **Regenerative agriculture** – 18th February 2025
Explore regenerative practices focusing on sustainable farming and long-term profitability.
- **Accurately Calculate Gross Margins/Gross Margins 101** – 25th February 2025
A practical session to help you calculate and improve your farm's profitability.

Keep an eye on the calendar on the [Resilient Farming Tas website](#) for updates to upcoming events. <https://www.tasfarmingfutures.com.au/resilient-farming-tas>

**Wishing you all a safe and
happy holiday season**

*Tasmanian Women in Agriculture
Executive Committee*

**TASMANIAN
WOMEN IN AGRICULTURE**

A Heartfelt Thank You

*We would like to extend our deepest
gratitude to our members, partners,
and sponsors for your unwavering
support throughout 2024.*

*As we approach the holiday season,
we wish you a joyful and safe time.*

*We're excited for what the future
holds and look forward to sharing all
the exciting things 2025 has in store
with you all.*
